Using FamilySearch's new AI Tool
Larry W. Thomas
www.AtlantaGenealogy.com
1. Go to www.FamilySearch.org/Labs

2. Sign in

3. Select Go To Experiment

4. Put in Search Criteria

5. Refine Search by Year, Location, etc.

    a. Be sure to search in surrounding counties

6. Try putting names in quotes and without

    a. Searching for Ezeniah Virden, with quotes will ONLY bring back exactly that and will miss Egeniah, Eugenia, etc.

    b. Will also miss Virdin, Verdon, Virgin

7. Find the actual document

    a. Select Groups

    b. Copy the Image Group Number

    c. Go to Search Catalog

    d. Select Film/Fiche, Image, and enter the Image Group Number

    e. Select the FHL Roll that matches your Image Group Number

    f. Go to the correct image #

8. If it is something you want, transcribe it yourself for accuracy
